Taft College

Mission, Vision and Values

Our Vision

Taft College instills a passion for learning, leading to success for all.

Our Mission

Taft College is committed to creating a community of learners by enriching the lives of all students we serve through Career Technical Education, transfer programs, foundational programs, baccalaureate programs, and student support services. Taft College provides an equitable learning environment defined by applied knowledge leading to students' achievement of their educational goals.

Our Values

- Students and their success.
- A learning community with teaching excellence
- An environment conducive to learning, fairness, dialogue, and continuous improvement.
- A communicative, collaborative, collegial, and respectful culture.
- A partnership of students, faculty, support services, and community.
- Innovation, diversity, creativity, and critical thinking.
- Academic, financial, personal and professional development.
- A transparent, accessible, participative governance structure.

Review Date: Spring 2025

Governance Guide Development Team

The Taft College District Guide to Governance was initially developed during the fall of 2014 and included the work of:

Founding Membership for Governance Guide Development	
Name	Title
Dr. Dena Maloney	Superintendent/President
Mark Williams	Vice President of Instruction
Darcy Bogle	Vice President of Student Services
Bill Devine	Liberal Arts Division Chair, Professor of English
Dr. Vicki Jacobi	Learning Support Division Chair, Articulation Officer, Student Learning Outcomes Coordinator
Greg Hawkins	Supplemental Instruction
Barbara Amerio	Director of Financial Aid
Shoshanna Kukuliev	Associated Student Body President
Brandy Young	Learning Outcomes Technician

The guide was formerly reviewed by:

Academic Senate

California School Employees Association, Taft College Chapter #543

Associated Student Organization

Governance Council

Introduction

Governance and decision making within the West Kern Community College District are grounded in the belief that all college constituents are committed to working collaboratively in the best interests of students. All members of the college community share a common vision for student success, which is the primary goal for the college. We work together to build and support an environment characterized by a strong commitment to transparent communication, trust and cooperation.

Good faith efforts and a dedication to student success on the part of all involved in participatory governance is critical to enhancing the college's ability to respond to opportunities, solve problems, develop strategies, and ensure that decisions made are in the best interest of the college. This guide provides the framework to enhance and improve the outcomes of collegial consultation processes while delineating the governance structures, processes, and relationships that make collegial consultation work at Taft College.

In order to participate effectively in governance, all constituents need to understand the regulatory framework guiding participatory governance, and their role in it at Taft College. This document describes the governance process by which the college ensures that there are opportunities for meaningful participation in the process.

This document will be reviewed every three years based on the District's assessment of its planning processes. The structures and processes described in this guide have evolved and changed in response to development at the college. Thus, this guide should be considered a living document which will continue to change as the District strengthens its governance processes and structure.

Regulatory Framework for Participatory Governance (AB 1725)

The governance processes at Taft College are designed in accordance with AB 1725 and reflect the commitment to collegial consultation. The Board of Governors of the California Community Colleges shall establish "minimum standards", and local governing boards shall "establish procedures not inconsistent" with those minimum standards to ensure the following:

- Faculty, staff and students have the right to participate effectively in district and college governance, and
- The right of Academic Senates to assume primary responsibility for making recommendations in the areas of academic and professional matters (Education Code Sections 70901, 70902, Title 5 53200)

Principles of Participatory Governance

The Taft College governance structure and processes are based on the principle of mutual accountability. The District's governance processes include annual self-evaluation of the effectiveness of the Governance Council, the primary body for participatory governance at Taft College. Each committee of the Governance Council engages in an annual self-evaluation as well. The results of the annual evaluation by the Governance Council and its committees are included in meeting minutes and posted on the internet.

Participatory governance at Taft College rests on a foundation of mutual respect and a commitment to good communication. These qualities are exemplified by the following:

Shared leadership on key college committees

- A meeting process which provides shared responsibility for facilitation, note taking and timekeeping
- An eagerness to share ideas and recognize the contributions of all participants
- Open meetings in which non-committee members are welcome as observers
- Publishing of approved meeting agendas and minutes on the campus internet
- Annual schedules for standing college meetings distributed in the Fall of each academic year
- Posting of agendas and minutes in advance of meetings for those committees subject to the Brown Act
- District wide emails regarding campus-wide developments on issues and decisions

All governance committee work at Taft College is expected to adhere to the following guiding principles and expectations

- Have integrity – to be ethical in all of their actions
- Ensure transparency
- Be self-regulating
- Be enthusiastic in matters pertaining to the Committee
- Be knowledgeable about the issues pertaining to the Committee
- Respond professionally
- Encourage others
- Be accountable

Committee members further promise to:

- Maintain a working familiarity with the Committee procedures
- Meet the expectations being placed upon them
- Work within the committee mandate/charter
- Take individual responsibility

Continued:

- Lead by example
- Remain committed to doing the very best they can do to accomplish committee goals

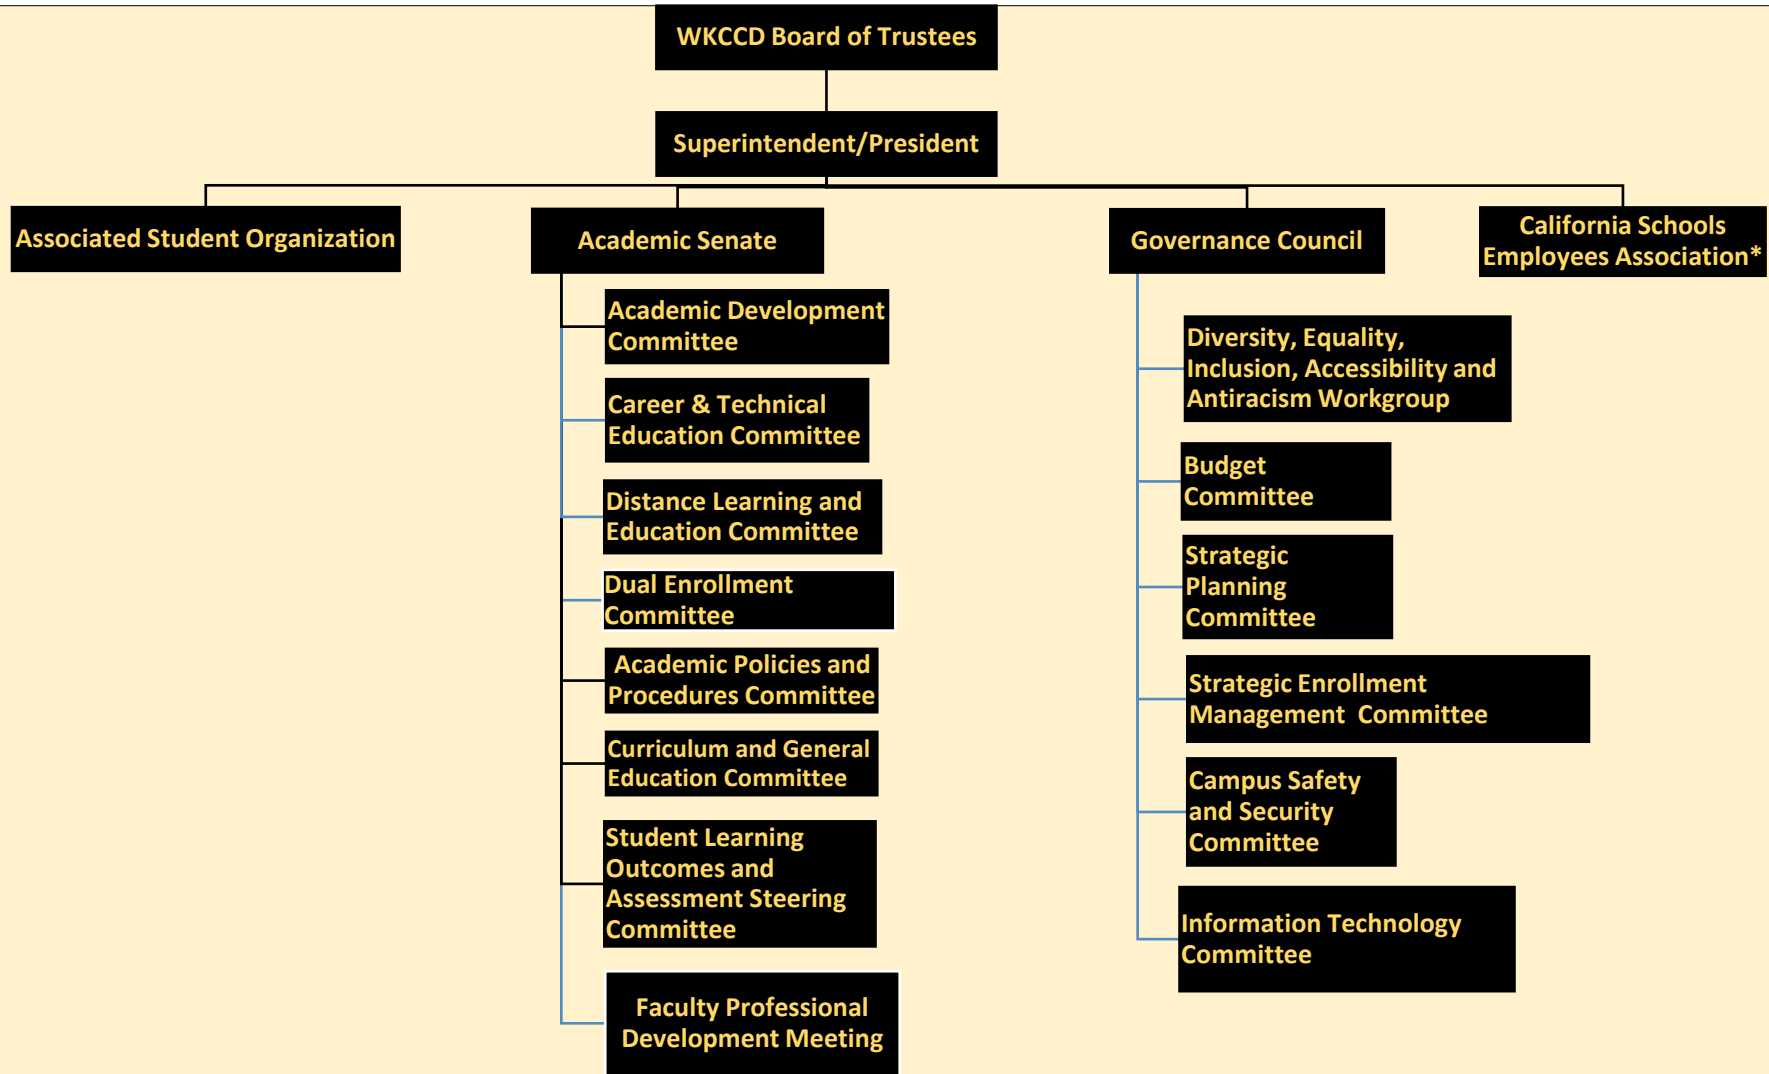

Participatory Governance Process

Four Complementary Processes that function within the college:

- The administrative and operational processes that deal with the functioning and operation of the college within established policies and procedures;
- The Academic Senate processes that deal with academic and professional matters defined in 10 + 1;
- The collective bargaining processes that deal with the contractual matters and working conditions as defined by the collective bargaining law and the District's commitment to the interest based bargaining process;
- The collegial consultation processes that review, develop, and recommend policies and priorities of the college to the Superintendent/President and the Board of Trustees.

This guide specifically focuses on the collegial consultation processes.

Taft College Participatory Governance Structure

* Classified members represented in governance by their bargaining unit.

Groups that Develop Recommendations through Collegial Consultation

Within the West Kern Community College District, there are categories of groups which provide recommendations on District issues. These groups are defined by the groups' responsibilities and the sources of their authority.

All categories of groups are essential as they represent various constituencies among the college community. Members of each group have two responsibilities: 1) to share input from their constituents to the larger group; and 2) to share information and dialogue from the group back to their constituents. The guiding principles behind the Taft College governance structure rest with each member upholding this vital communication link between the stakeholders they represent and the larger group of which they are a member.

Membership in each body is determined by the stakeholders they represent.

1. Governance Groups

Governance groups are those whose authority is derived, either directly or indirectly from law and regulation. Members of governance groups expressly in the law or regulation, or as delegated by another group which possesses said authority. Members of governance groups represent specific stakeholders and as such, create the vital communication link between constituent groups and the larger governance group. At Taft College, the governance groups are the Governance Council, the Academic Senate, the Associated Student Organization, and the Taft College CSEA Chapter #543 which is the designated group for appointing classified representatives to participatory governance committees.

2. Governance Committees

Governance committees are those constituted by governance groups to effect policy and/or procedural decision making. At Taft College, governance committees have established charters which delineate the scope of purpose and the representative make up of committees. Examples of governance committees include the Budget Committee, Strategic Planning Committee, Student Success Committee, Access Committee, Academic Policies and Procedures Committee, Curriculum and General Education Committee. A matrix of committees is included in this document.

Governance Committee Goal and Self- Evaluation Timeline

Committees establish goals to be completed each academic year. Each fall the committees self-evaluate their progress on the previous academic year's goals and set the new set of goals on a form provided by the Governance Council. This form is distributed no later than August 31st. Committees submit the self-evaluation to the Governance Council by November 30th each year. This process is monitored by the Superintendent/President (as co-chair of Governance Council) within the Office of the President.

Specific Governance Groups at Taft College

Board of Trustees

The Board of Trustees, as elected representatives of the community, is the final voice of the District (subject to the laws and appropriate regulations of the State Legislature and the Board of Governors). The West Kern Community College District has a governing board that is responsible for establishing policies to ensure the quality, integrity and effectiveness of the District's student learning programs and services and the financial stability of the institution. The West Kern Community College District Board of Trustees serves as an independent policy making body that reflects the public interest. Eligible voters within the District elect the trustees, who serve staggered, four-year terms to ensure continuity of service on the Board. The working relationships among trustees are cooperative and transparent, providing for effective board operations.

In addition to elected representatives of the public at large, the Board of Trustees also includes one non-voting student member, who serves a one-year term commencing June 1st. The student trustee provides a student perspective on matters before the Board, receives board agendas and materials, attends all open-session Board meetings.

California Education Code 70902 identifies the Board of Trustees as the District's legal and fiduciary body and outlines associated responsibilities. West Kern Community College District Board Policy 2200 *Board Duties and Responsibilities* specifically defines the governing role of the Board of Trustees. This policy commits the Board to monitor institutional performance and educational quality, assure fiscal health and stability, and to hire, evaluate and delegate power and authority to the Superintendent/President to lead the District.

As defined in Board Policy 2510 *Participation in Local Decision Making*, the Board is the ultimate decision maker in those areas assigned to it by the state and federal laws and regulations. However, the Board is committed to ensuring that members of the District participate in developing recommended policies for board action. In this regard, Board Policy 2510 defines the participatory roles of the Academic Senate, staff and students.

Superintendent/President

The Superintendent/President is the chief representative of the Board and is responsible directly to the Board. The Board of Trustees determines the Superintendent/President's role and authority in governance and decision making and has memorialized that role in Board Policy and in the job description. The Board has established policies and administrative procedures to select and evaluate the college's chief executive officer, the Superintendent/President. Board Policy 2430 *Delegation of Authority to Superintendent/President* establishes the delegation of authority to the Superintendent/President to administer the policies adopted by the Board and execute all decisions of the Board requiring administrative action. Recommendations of collegial consultation committees are sent to the Board through the Superintendent/President. The Superintendent/President has primary responsibility for the District and provides leadership in planning, organizing, budgeting, selection and developing personnel, and assessing institutional effectiveness.

Faculty

As noted in Board Policy 2510 *Participation in Local Decision Making*, the Board or its designees will consult collegially with the Academic Senate, as duly constituted with respect to academic and professional matters, as defined in the California Code of Regulations Title 5, Section 53200. The Academic Senate, as the representative of the faculty, makes recommendations to the administration of the college and to the Board with respect to academic and professional matters (known as 10+1). The Academic Senate is also responsible for selecting faculty representative(s) on collegial consultation committees, working with other staff who request appointment of faculty to operational and/or advisory committees of the Senate.

The role of the faculty is to participate in:

- The development of recommendations to the Superintendent/President and the Board of Trustees on specific academic and professional matters as outlined in state regulations;
- The processes for developing recommendations that have or will have a significant effect on them.

Staff: Confidential Classified Managers, Classified Managers and Classified Staff

Board Policy 2510 *Participation in Local Decision Making* defines the role of staff in the governance process as participating in:

- The development of recommendations to the Superintendent/President on district policies and procedures that have a significant effect on staff.

Board Policy 2510 further notes that the opinions and recommendations of all staff groups will be given every reasonable consideration. California Code of Regulations Title 5 Section 52013.5 identifies the specific matters which have a significant effect on classified staff.

Students

Board Policy 2510 delineates the role of students in the District governance process as:

- The development of District policies and procedures that have a significant effect on students, as defined by law.
- The recommendations and positions of the Associated Students will be given every reasonable consideration.
- The selection of student representatives to serve on District committees or taskforces shall be made after consultation with the Associated Student Organization.

Nothing in the policy should be construed to interfere with the formation or administration of employee organizations or with the exercise of rights guaranteed under the Educational Employment Relations Act, Government Code Sections 3540, et seq.

Roles, Structures and Membership of Committees in Governance Process

Role of the Governance Council

The Governance Council is the primary body for participative governance at Taft College. The Council is made up of representatives from all campus constituents including faculty, students, and administration. The Council accomplishes its work through groups:

- Budget Committee
- Campus Safety and Security Committee
- Information Technology Committee
- Strategic Planning Committee
- Strategic Enrollment Management Committee
- Diversity, Equity, Inclusion, Accessibility and Antiracism Workgroup

Collectively, these groups assist the Governance Council in performing its role in enrollment management, resource allocation recommendations, maintaining a safe environment for student learning, recommendations regarding technology, annual and long-range planning, working toward equity for disproportionately impacted students, student success initiatives, and integrated planning.

The Governance Council encourages participation of all members of the college community in the participative governance process by ensuring a flow of communication to/from the Council to college stakeholders. In particular, the Governance Council processes provide the link between planning and budgeting to support the college in ensuring decision-making is tied to student learning.

The Governance Council is co-chaired by the Superintendent/President and the Academic Senate President. The Council annually evaluates its effectiveness and makes improvements to its processes based on the evaluation data.

The Governance Council consists of the following voting members:

Administration (6)

- Superintendent/President
- Vice President, Instruction
- Vice President, Student Services
- Vice President, Administrative Services
- Vice President, Human Resources
- Vice President, Information and Institutional Effectiveness

Management (1)

Confidential (1)

Academic Senate

Role of the Academic Senate

The Academic Senate is a governance and consultative body that represents full-time and adjunct District faculty. The primary purpose of the Academic Senate is to:

- Make recommendations to the administration and Board on academic and professional matters including the following:
 - Curriculum, including establishing prerequisites and placing courses within disciplines
 - Degree and certificate requirements
 - Grading policies
 - Educational program development
 - Standards or policies regarding student preparation and success
 - District governance structures, as related to faculty roles
 - Policies for faculty professional development activities
 - Processes for program review
 - Process for institutional planning and budget development
 - Faculty roles and involvement in accreditation process, including self- evaluation and annual reports
 - Other academic and professional matters as mutually agreed upon between the Board of Trustees and the Academic Senate
- Make appointments of full-time faculty to other governance bodies and/or their committees as described in this document.
- Collegial consultation means that the District governing board shall develop policies on academic matters through either or both of the following:
 - Rely primarily on the advice and judgment of the Academic Senate, or
 - The governing board, or its designees, and the Academic Senate shall reach a mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations
 - See AP 2510 in the Appendix

Academic Senate Committees

The Academic Senate conducts its business through the efforts of the following committees. The Academic Senate appoints members to these committees and in turn the committees report to the Academic Senate.

Academic Senate Committees	Purpose	Membership								
Academic Senate Council (ASC)	The Academic Senate Council will examine, discuss, and/or vote on informational items, documents, policy recommendations, Academic Senate subcommittee charters and charter revisions, draft resolutions, amendments to the Taft College Academic Senate Constitution and Bylaws, and any other academic or professional items in advance of bringing them to the Senate-of-the-whole. Faculty Professional Development Committee (FPD)	<p>The Faculty Professional Development Committee is a standing committee of the Academic Senate. The Faculty PDC makes recommendations to the Taft College Academic Senate on policies for faculty professional development activities in alignment with “professional development” as described in BP 2510 and AP 2510. The Faculty Professional Development Committee may also make recommendations to other committees regarding professional development related issues as needed.</p>	<p>Taft College Full Time Faculty Member – Chair Six (6) Full Time Faculty members VP Instruction or Office of Instruction designee (non-voting)</p>

Associated Student Organization (ASO)

Role of the Associated Student Organization

The Associated Student Organization is the official governing organization of students enrolled at Taft College. The Board of Trustees recognizes the Associated Student Organization as the official voice of students. The Associated Student Organization provides a means for responsible and effective participation in the governance of the campus, is the official voice through which students' opinions may be expressed and provides opportunities for all members of the college community to establish memorable experiences and life-long relationships through activities and events connected to Taft College.

The primary purpose of the Associated Student Organization is to advise the administration and the Board on the following matters identified in California regulations as having a significant effect on students:

- Grading policies
- Codes of student conduct
- Academic disciplinary policies
- Curriculum development
- Courses or programs that should be initiated or discontinued
- Processes for institutional planning and budget development
- Standards and policies regarding student preparation and success
- Student services planning and development
- Student fees within the authority of the District to adopt
- Any other District and college policy, procedure or related matter that the District governing board determines will have significant effect on students

The Associated Student Organization also makes all appointments of students to governance bodies and their committees.

Website: <http://www.taftcollege.edu/clubs/>

Operational Groups

Operational groups are those groups which assist the Superintendent/President in implementing board policies by coordinating activities and functions at the College. Members serve in operational groups by virtue of their position in the District. The authority to serve in these capacities is derived from the Board of Trustees or the Superintendent/President through the assignment of responsibilities on job descriptions or appointment to positions.

Operational Groups	Purpose	Membership	
Admissions and Attendance Committee	<ul style="list-style-type: none"> Review students' petitions for readmission or reinstatement 	VP Student Services (Chair) Coordinator, DSPS Director, Admissions and Records Assistant Director, Admissions and Records Faculty (1)	VP Instruction Coordinator, EOPS/CARE Coordinator, Counseling/Student Success EOPS/CARE Counselor

Task Forces

Task forces are established as needed to accomplish particular projects or address specific issues. They can be formed by the Superintendent/President, or by a governance group. Task force membership can be voluntary or by appointment.

Once the work of the task force is completed, the task force is generally dissolved. Some recurring tasks may need to be addressed but accomplishing this work does not require a standing body.

Taft College Participatory Governance Decision Making Process

“Institutional leaders create and encourage innovation leading to institutional excellence. They support administrators, faculty, staff and students, no matter what their official titles, in taking initiative for improving practices, programs, and services in which they are involved. When ideas for improvement have policy or significant institution-wide implications, systematic participative processes are used to assure effective planning and implementation.” (ACCJC Standard IV.1)
