Dear President Cole:

I want to first and foremost say that I have trully enjoyed my time on the Taft College Board and if there were to be a opportunity to comeback in the future I will be very interested in positioning myself to be eligible and considered for the role.

The time however has come for me to step down from the Board to pursue a personal goal of mine. Academia and making a difference in education will continue to be my primary goal and I will look forward to the road that lies ahead.

Please exented my most sincre appreciation to ALL Taft College staff for their support. We are truly an amazing institution that makes the world a better place each and every day.

Until then, thank you for your support and the boards fellowship you all are amazing.

Superintendent/President

OVERVIEW

THE PURPOSE OF THE STRATEGIC ACTION PLAN

The Strategic Action Plan (SAP) is a guide to success. It helps prioritize goals, maximize resources, and make data-driven decisions. The SAP is directly related to the College's Educational Master Plan (EMP) and ensures that the College is moving forward and keeping it in one consolidated vessel.

1. Actualize and show how Taft College is working toward meeting the goals in the Educational Master Plan and to track our progress.
2. To monitor the progress of achieving the College goals.
3. Demonstrates what we are currently doing to reflect our current Mission, Vision and Values.
4. Monitor the status of the goals we wish to achieve.
5. Help us stay aligned with the Chancellor's Office Vision for Success goals.

PROCESS FOR DEVELOPING THE STRATEGIC ACTION PLAN

The Strategic Action Plan (SAP) was created by the Strategic Planning Committee (SPC) of the Governance Council. The SPC started the process in September 2020 by over-viewing the current SAP and discussing and approving the timeline and process for the new SAP development. The Institutional Research & Planning (IR&P) office called a SPC special meeting in March 2021. During the special meeting, the office created a draft of the SAP. The SPC reviewed the SAP draft in April 2021 and directed the IR&P office to make various modifications to the layout and metrics. In May 2021, the IR&P office held several meetings with different departments on campus reviewing the current SAP and setting up new goals related to their departments based on their recommendations and area expertise. In August 2021, the IR&P office completed the modifications and finalized the new SAP. The SAP was presented to and approved by the SPC. In September 2021, the SAP will be presented to Governance Council and Academic Senate. In October 2021, based upon the recommendations of the Governance Council and Academic Senate, the SAP will be presented by the Superintendent/President and the Board of Trustees.

INTEGRATED PLANNING MODEL

The SAP is an essential component of the College’s integrated planning model (see Diagram 1). The goals of the SAP flow directly from the Educational Master Plan (EMP), which is based on the Vision, Mission, and Values of the College. Through the Annual Program Review (APR) process, departments create goals that are directly mapped to the SAP goals. The collective efforts of programs to achieve APR goals each year will result in the college achieving the goals of the SAP. For example, if individual programs increase their course success rates, then the overall college-wide course success rate will also increase.

LEADING AND LAGGING INDICATORS

The goals of the plan are divided into leading and lagging indicators. Lagging indicators are those that are vital to the mission, but require years of effort to increase (e.g. number of associate’s degree completions). Leading indicators are measures that the college can make immediate progress on (e.g. course success rates), which eventually lead to an increase in the lagging indicators. For example, a student success initiative can increase course success rates in just a semester, which eventually leads to an increase in the number of associate’s degree completions in subsequent years.

HOW GOALS WILL BE TRACKED (DASHBOARD)

The SAP goals will be tracked on a dashboard. Each year, the IR&P office will provide updated data for each metric, and the SPC will assign each goal a status of green (on schedule to meet goal), yellow (somewhat behind on meeting goal), or red (significantly behind on meeting goal). If a goal is assigned a status of yellow or red, the college may allocate more resources towards that goal through the annual resource allocation process by ranking related APR resource requests higher in the process. For example, if the SAP goal related to course success rates is assigned a red status, all APR goal resource requests directly related to improving course success rates could be prioritized higher in the ranking process (e.g. request for student worker tutors to increase success rates). If the college allocates more resources towards SAP goals that are yellow and red, that should increase the likelihood that those goals will eventually be assigned a green status. For illustrative purposes, the SAP lagging and leading indicators are presented in the dashboard format.

INTEGRATING OPERATIONAL PLANS WITH STRATEGIC GOALS

The Strategic Planning Committee (SPC) created the below matrix to help guide the College in meeting its Strategic Action Plan goals. The actions specified in each operational plan are by no means exhaustive, and departments will likely identify many other actions. Nevertheless, the SPC encourages departments to consider the below operational plans when setting their annual goals during the annual program review process.

APPENDIX A: HOW GOAL WAS SET

LEADING INDICATORS

1. TRANSFERABLE COURSE SUCCESS RATES

INCREASE FROM 68.1% IN FALL 2019 TO 75.8% IN FALL 2023

Course success rate is a vital metric for the College, students must pass their courses to persist and complete their educational goals. Compared to our peers (single-college districts of similar size) and Statewide, Taft College has the second lowest course success rate. That said, there is a 7.7 percentage point gap between Taft and the highest performing college in the peer group (Mendocino). Therefore, Taft has set a goal of increasing its transferable course success rate by 7.7 percentage points (or 11.0%) from 68.1% to 75.8%.

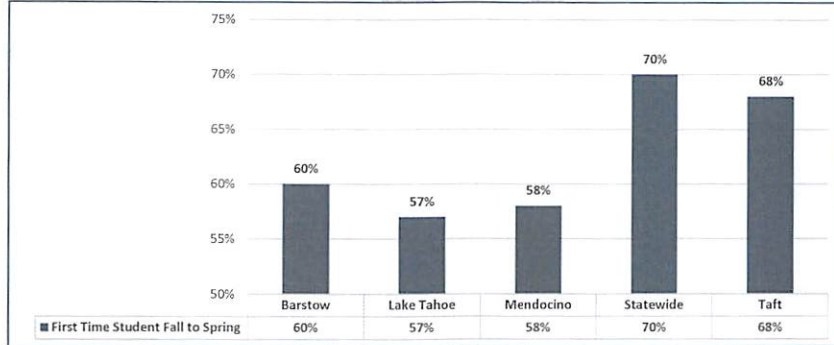

Source: CCCCO Data Mart

2. FALL TO SPRING PERSISTENCE RATE (Excluding WESTEC)
INCREASE FROM 68% IN 2018-2019 TO 87.4% IN 2023-2024

For students to complete their educational goals, they must persist through multiple semesters. According to the CCCCO, Taft outperforms all of the colleges in our peer group but has a slightly lower persistence rate than the Statewide overall. According to the U. S. Department of Education’s NCES (National Center for Education Statistic)’s data, Taft College has the second highest performance in the peer group, with a 2 percent point gap between Taft and the highest performing (Statewide overall by CCCCO data or Mendocino College by NCES data). Therefore, Taft has set a goal of increasing its first-time full-time student persistence rate (excluding WESTEC) by 3 percentage points (or 7.0%) from 68% to 71%. Using internal data, this would require increasing our fall to spring persistence rate of first-time (excluding WESTEC) students from 68% to 71%.

**3. NEW STUDENTS SUCCESSFULLY COMPLETING TRANSFER LEVEL MATH AND ENGLISH IN FIRST YEAR
INCREASE FROM 4.0% IN 2019-2020 TO 7.0% IN 2023-2024**

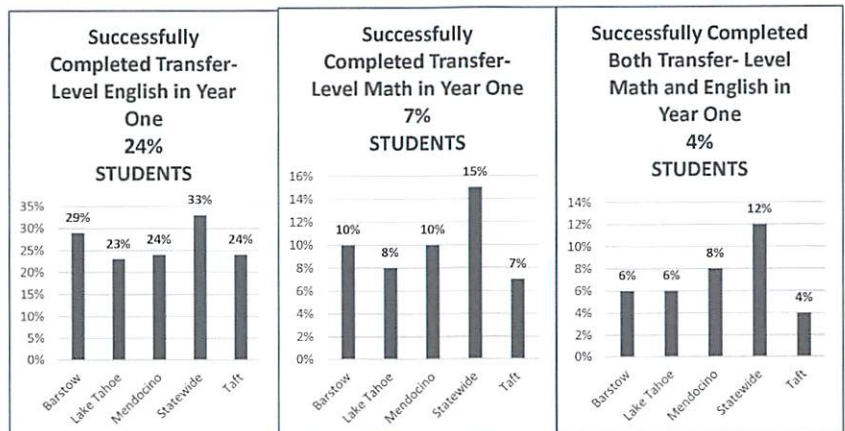

Completion of transfer level math and English are key milestones on a student’s path to graduation. Unfortunately, few students reach this milestone in their first year. According to the CCCC Launch Board, only 16% of Taft College students complete transfer level English and only 7% complete transfer level math. As stated in the CCCC Vision for Success, “...even this rate is overstated: CCC students earning less than 6 units or students who did not attempt a math or English course...are not counted in this calculation”. An alternative method posted on the Cal-PASS Plus Guided Pathways tab expands the cohort to include all first-time ever in college students. This method shows that only 24% of Taft College students complete transfer level English, only 7% complete transfer level math in their first year, and only 4% complete both math and English in their first year. Data from our peers suggest that we have the second lowest performance rate among our peers. For example, using the CCCC Cal-PASS Plus student success metrics method, Lake Tahoe’s both English and math rates are lower than ours. However, the rest of the peer colleges’ rates are higher than ours, and Statewide English rate is 30% which is 14 points higher. Using the Cal-PASS Plus methodology, looking at only first-time students, we have the lowest rates in both English and Math. Given the importance of this key milestone, Taft College has chosen to set this goal using the highest performing peer. This would require increasing the rate that new students successfully complete transfer level math and English in their first year by 7%. Using internal data, the 7% goal translates to increasing the current internally calculated rate by three percentage points from 4.0% to 7.0%.

4. STUDENTS ENROLLING IN 15+ UNITS PER SEMESTER

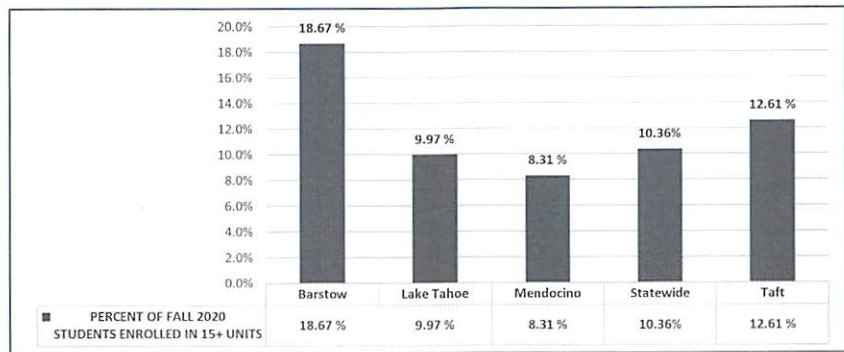

INCREASE FROM 12.61% IN FALL 2020 TO 15.6% IN FALL 2023

In order to complete a 60-unit associate’s degree in two years, a student needs to enroll in at least 15 units per semester, or 30 units per year. However, most community college students are also balancing work and life, which hampers their ability to enroll full-time. As a result, only 12.6% of Taft College students are enrolled in 15 or more units. This rate is higher than most of our peer colleges and Statewide, with Taft having the second highest rate out of four colleges and Statewide. As stated in the CCCC Vision for Success, “colleges can and should encourage more students to attend full time than currently do”. While it can be difficult to convince someone working full-time and taking care of dependents to increase their unit load from 6 credits to 15 credits, it should be feasible for a student enrolled in 12 units to enroll in three additional units. As of fall 2020, these students (12-14.9 units) represent 22.9% of our student body. Based on our highest performing peer, as well as the availability of students taking 12-14.9 units, the college has set a goal to increase the percentage of students enrolled in 15+ units by three percentage points. Using CCCC’s Data Mart data, this would require increasing the rate from 12.6% to 15.6%.

Unit Load	Fall 2020 Students	Fall 2020 Students (%)
3.0 - 5.9	569	17.1 %
6.0 - 8.9	459	13.8 %
9.0 - 11.9	452	13.6 %

CCCCO Vision for Success: “Colleges should also monitor and aim to grow full-time enrollment (15 units per semester) and continuous enrollment. Of course, not all students can attend full-time and continuously, such as working adults who need to learn and work at the same time. Still, colleges can and should encourage more students to attend full time than currently do, especially those who are young and not financially supporting others.”

5. FINANCIAL AID RECIPIENTS

INCREASE FROM 84% OF ALL STUDENTS IN 2019-2020 TO 86% OF ALL STUDENTS IN 2023-2024

The College is effective in ensuring that the majority of our students receive financial aid, as measured by the percentage of students who received a CCPG (California College Promise Grant) Waiver. Excluding WESTEC, Taft has the highest rate out of the peer group. That said, Taft College is committed to continuously improving this rate. Survey data suggest that there may be additional students who could qualify for a CCPG, with 73.6% of students stating that a lack of finances could cause them to withdraw from their courses. Therefore, the College has set a goal to increase the percentage of students who receive a CCPG waiver from 84% to 86%.

6. STUDENTS WHO EARNED 9 OR MORE CTE UNITS

INCREASE PERCENTAGE OF STUDENTS EARNED 9 OR MORE CTE UNITS FROM 9.4% IN 2020-2021 TO 10.4% IN 2023-2024

Ensuring CTE graduates get relevant jobs after graduation can be difficult since economic conditions can change dramatically. As a result, job placement rates are a lagging indicator. Rather than focus on job placement rates, the metric for this goal is to increase the percentage of students who earned CTE units 9 or more. Over the long-term, earning more CTE units will increase the likelihood that students earn CTE certificates or degrees. Based on the historical data, the percentage of students who earned 9 or more CTE units increased from 7.0% in 2016-17 to around 9.5% in 2018-19 to 2020-21. Due to the COVID impact on student enrollment and learning outcomes, the CTE department proposes to increase the percentage of students who earn 9 or more CTE units to a moderate increase from 9.4% to 10.4%.

7. STUDENTS ENGAGED IN STUDENT LIFE/CO-CURRICULAR ACTIVITIES
INCREASE MEAN SCORE FROM 2.52 IN 2020-2021 TO 2.6 IN 2023-2024

The College is committed to engaging more students and has set a goal to increase the students' College experience that contributes to their knowledge, and personal development in acquiring job or work-related knowledge and skills. As indicated in the CCSSE survey, Taft College students had the highest mean scores for student satisfaction with student organization's services, but the lowest mean scores to student experience that contribute to the knowledge, and personal development in acquiring job or work-related knowledge and skills. Due to COVID, the survey participation rate was very low compared to a normal survey year and only offered limited College related virtual activities. However, this survey result still shows the gap between the level of student satisfaction and job or work-related knowledge and skills they have learned. The College will track the number of students participating in activities through a sign-in sheet collected for each activity and set a goal to increase student acquiring job or work-related knowledge and skills mean score from 2.52 to 2.61 which is the same as the 2021 cohort nationwide.

8. SATISFACTION
ENSURE 1.5 SATISFACTION MEAN SCORE FOR EACH STUDENT-FACING DEPARTMENT BY 2023-2024

Survey data suggest that most students are satisfied with the overall service they have received from Taft College. The mean scores of student satisfaction were all higher than national averages and small college averages. However, when students are asked about individual departments, satisfaction mean scores vary from 1.72 for academic advising/planning to 1.11 for childcare. To address these discrepancies, the College has set a goal of ensuring a 1.5 satisfaction mean score for each student-facing department. The current approach to measure department level satisfaction is through the Community College Survey of Student Engagement (CCSSE). Unfortunately, the survey is administered once every three years, which means the data are lagging. To increase the usefulness of department level satisfaction data, the IR office will work with departments to design instruments to measure satisfaction that are more timely and actionable. These instruments could include point-of-service satisfaction surveys administered to each student shortly after the service experience, as well as utilizing mystery shoppers.

9. FTES (FULL-TIME EQUIVALENT STUDENTS)

MEET ANNUAL TARGETS

State budget allocation fluctuations make it difficult to project an FTES target more than one year into the future. Over the past ten years, the College's FTES increased from 2531.3 in 2011-2012 to 2911 in 2018-2019. However, due to the impact of COVID, the FTES started to decrease from 2911 in 2018-19 to 2445 in 2020-21. Compared to Statewide and peers using CCCC's Data Mart data, the College's FTES was the second-highest percentage decrease from 2019-20 to 2020-21. A target percentage has traditionally been set at 1 to 2% above the funded level of FTES + any annual growth offered by the Chancellors office. This practice has allowed TC to 'capture' growth funding increases each time growth has been offered over the last 20-years. However, under current situation, the College proposes to increase the FTES to the recent 3 years average FTES + 0.5%, which is 2750 FTES

10. ACCREDITATION STANDARDS

MEET 100% OF ACCJC AND OTHER ACCREDITING BODY STANDARDS

The College must stay in compliance with all accreditation standards. Non-compliance may result in various punitive actions, including but not limited to program or institutional closure. Therefore, the target metric was set at 100%.

11. IMPLEMENT INNOVATIVE HIRING AND OUTREACH PRACTICES FOCUSED ON DIVERSITY

SUPPORT REDUCTION OF EQUITY GAPS, INCREASE REPRESENTATION AMONG TRADITIONALLY UNDERREPRESENTED GROUPS.

Per the CCCCO Vision for Success, the College must support and implement innovative hiring and outreach practices focused on diversity, such as advertising faculty openings on websites, publications, professional associations in specific disciplines, and other groups targeted towards underrepresented academic communities.

12. FOUNDATION DONORS

RE-ESTABLISH RELATIONSHIPS WITH 100% OF DONORS WHO HAVE GIVEN OVER \$1,000 BY 2023-2024

Measuring the success of a foundation can be difficult, as it can take years of relationship building before donors make large contributions. As a result, donations could be considered a lagging indicator. Rather than focus on donations, the metric for this goal is to re-establish 100% of relationships with prior donors who have given over \$1,000. Over the long-term, these relationships will lead to an increase in donations.

13. FACILITIES MASTER PLAN

ENSURE 100% OF GOALS ARE ON TARGET FOR COMPLETION BY 2023-2024

See the Facilities Master Plan for details of how each goal was set: <http://ct-prod-wp.taftcollege.edu/iarp/planning/>

14. MAINTENANCE, CUSTODIAL, AND GROUNDS QUALITY

INCREASE TO APPA STANDARD LEVEL 2 BY 2023-2024

The Association of Physical Plant Administrators (APPA) provides guidelines on maintenance, custodial, and grounds quality. The guidelines establish service levels that a college can set, depending on its available resources. An abbreviated description of the five service levels is provided below:

15. FEDERAL, STATE, GRANT, AND BOT POLICY COMPLIANCE

ENSURE 100% COMPLIANCE WITH REQUIREMENTS

The College must stay in compliance with all laws and policies. Non-compliance may result in various punitive actions, including but not limited to program or institutional closure. Therefore, the target metric was set at 100%

16. FUND BALANCE

MEET ANNUAL TARGETS

Similar to FTES, state budget allocations make it difficult to project a target fund balance more than one year into the future. As a result, the goal is to meet annual fund balance targets.

17. TECHNOLOGY MASTER PLAN

ENSURE 100% OF GOALS ARE ON TARGET FOR COMPLETION BY 2023-2024

See the Technology Master Plan for details of how each goal was set: <http://ct-prod-wp.taftcollege.edu/iarp/planning/>

LAGGING INDICATORS

1. DEGREES AWARDED

INCREASE NUMBER OF STUDENTS FROM 468 IN 2020-2021 TO 512 IN 2023-2024

Ensuring that students complete degrees is an essential component of our mission. Over the past six years, the College has substantially increased the number of degrees it awarded (unduplicated awards), from 323 in 2015-2016 to 437 in 2019-2020. However, due to COVID, the awards for 2020-2021 decreased. Compared to Statewide and peers using CCCCCO's Data Mart data, Taft College and Barstow College have a higher rate of degree production per 100 FTES. The Statewide percent is only 89% as high as Taft's (17.1 vs 19.3 degree per 100 FTES). The CCCCCO has set a goal by 2022 to "increase by at least 20 percent the number of CCC students annually who acquire associate's degrees, credentials, certificates, or specific skill sets that prepare them for an in-demand job." Given Taft's increases over the last five years on this metric, and its performance relative to its peers, we've already met the CCCCCO goal. However, in the spirit of continuous improvement and due to the COVID impact, we have set a more modest goal of increasing degrees awarded by 9.4% from 2020-2021. This goal mirrors the 6% or 7.5 percentage point increase goal. This would require increasing the number of students who complete a degree from 468 to 512.

CCCCO Vision for Success Goal One: "Increase by at least 20 percent the number of CCC students annually who acquire associates degrees, credentials, certificates, or specific skill sets that prepare them for an in-demand job. This increase is needed to meet future workforce demand in California, as analyzed by the Centers of Excellence for Labor Market Research. This goal is consistent with the recommendations of the California Strategic Workforce Development Plan. Equally important to the number of students served will be the type of education they receive: programs, awards, and course sequences need to match the needs of regional economies and employers."

2. CERTIFICATES AWARDED

INCREASE NUMBER OF STUDENTS FROM 30 IN 2020-2021 TO 33 IN 2023-2024

For students completing credit courses in prescribed pathways, a certificate of achievement may be awarded for Chancellor’s Office approved programs of study of 16 or more units. The CCCC has set a goal by 2022 to “increase by at least 20 percent the number of CCC students annually who acquire associate’s degrees, credentials, certificates, or specific skill sets that prepare them for an in-demand job.” Due to the changes made for units earned from 18 or more units to 16 or more units, historical data are not available on the Chancellor’s Office Data Mart website. Due to the COVID impact, we have set a more modest goal of increasing certificates awarded by 10% from 2020-2021. This goal mirrors the 6% or 7.5 percentage point increase goal. This would require increasing the number of students who complete a certificate from 30 to 33.

3. TRANSFERS

INCREASE FROM 258 IN 2016-2017 TO 283 IN 2022-2023

As with degrees and certificates above, ensuring that students transfer to a university is an essential component of our mission. Overall, the College has increased the number of transfers from 228 in 2015-2016 to 253 in 2019-2020, although it has been up and down over the past five years. Taft College also has a substantially higher rate of transfers per 100 FTES compared to our peers. By contrast, the second highest rate from Barstow is only 88% as high as Taft’s (7.82 vs 8.86 transfers per 100 FTES). The CCCC has set a goal by 2022 to “Increase by 35 percent the number of CCC students system wide transferring annually to a UC or CSU.” Given Taft’s performance relative to its peers, we’ve already met the CCCC goal. However, in the spirit of continuous improvement, we have set a more modest goal of increasing transfers by 9.4%. This goal mirrors the 9.4% or 7.5 percentage point increase goal and would require increasing the number of students who transfer from 258 to 276.

CCCO Vision for Success Goal Two: "Increase by 35 percent the number of CCC students system wide transferring annually to a CSU. This is the increase needed to meet California's future workforce demand for bachelor's degrees, as projected by the Public Policy Institute of California. (In California, occupations requiring bachelor's degrees are growing even faster than jobs requiring associate's degrees or less college.) Meeting this aggressive goal will require the full engagement and partnership of CSU and UC. While ambitious, the pace of improvement envisioned in this goal is not unprecedented: between 2012-13 and 2015-16 (a three-year period), CCC to CSU transfers increased by 32 percent and between Fall 1999 and Fall 2005 (a six-year period), CCC to UC transfers increased by 40 percent."

4. AVERAGE NUMBER OF UNITS ACCUMULATED FOR ASSOCIATE'S DEGREE COMPLETERS
DECREASE FROM 83 IN 2018-2019 COHORT TO 80 IN 2021-2022 COHORT

While most associate degrees should take 60 units to complete, the average Taft College student accumulates 83 units before completing their degree. Per the CCCC Vision for Success, "reducing the average number of units-to-degree will help more students reach their educational goals sooner, and at less cost to them. It will also free up taxpayer dollars that can be put toward serving more students." Unfortunately, peer data are not available. Therefore, the College set its target to decrease the average number of units completed by associate degree completers to 81 (average among the quintile of colleges showing the strongest performance on this measure), which mirrors the CCCC goal.

2018-2019
2018-19 Average #Units Accumulated for Associate's Degree Completers

CCCCO Vision for Success Goal Three: "Decrease the average number of units accumulated by CCC students earning associate's degrees, from approximately 87 total units (the most recent system-wide average) to 79 total units—the average among the quintile of colleges showing the strongest performance on this measure. (Associate's degrees typically require 60 units.) Reducing the average number of units-to-degree will help more students reach their educational goals sooner, and at less cost to them. It will also free up taxpayer dollars that can be put toward serving more students."

5. JOB PLACEMENT RATE (EXITING CTE STUDENTS WHO REPORT BEING EMPLOYED IN THEIR FIELD OF STUDY)
INCREASE FROM 73.6% IN 2017 TO 69% IN 2023

It is difficult to ensure that all graduates can obtain a job in their field. Industries can change at a rapid pace, both in terms of required skill sets as well as hiring projections. Compared to our peers, Taft College has the highest job placement rate. The three colleges in the peer group have placement rates below 70%. Due to the impact of COVID, the College set a more realistic target to increase the job placement rate to 75%, which mirrors the CCCC goal (the average among the quintile of colleges showing the strongest performance on this measure).

HOW MANY STUDENTS SECURED A JOB THAT IS CLOSELY RELATED TO THEIR PROGRAM OF STUDY (2019 Survey)?

Source: <https://cteos.santarosa.edu/job-search-after-training>

CCCCO Vision for Success Goal Four: "Increase the percent of exiting CTE students who report being employed in their field of study, from the most recent statewide average of 60 percent to an improved rate of 69 percent—the average among the quintile of colleges showing the strongest performance on this measure in the most recent administration of the CTE Outcomes Survey. Improvements on this measure would indicate that colleges are providing career education programs that prepare students for available jobs and offering supports that help students find jobs."

6. INSTITUTIONAL STUDENT LEARNING OUTCOMES PROFICIENCY RATE

INCREASE ALL ISLO'S TO 84.5% IN 2023-2024

In addition to ensuring that more students complete their programs of study, Taft College must ensure that students are learning. As stated on page 31 of the CCCC Vision for Success, "ensuring that students are learning is at the core of the community college mission, the accreditation process, and one of the pillars of the Guided Pathways framework." Unfortunately, peer data are not available for ISLOs. However, the College can strive to close the performance gaps between ISLOs. For example, there is a 3.0 percentage point difference between the Community/Global Consciousness and Responsibility ISLO and Critical Thinking ISLO. Furthermore, while peer data are not available, SLO rates are closely correlated to course success rates. Since course success rates do have peer data available, we can tie the ISLO goal to the course success rate goal (see leading indicator one above). Therefore, the College has set a goal of increasing the highest performing ISLO by 3.6 percentage points (mirroring the success rate goal) and closing the gaps between the highest performing ISLO and all other ISLOs. This would require increasing each ISLO proficiency rate to 84.5%.

7. EQUITY GAPS FOR UNDERREPRESENTED GROUPS FOR THE ABOVE MEASURES

DECREASE BY 10% FOR EACH MEASURE BY 2023-2024

Part of Taft College's mission is to provide "an equitable learning environment". To meet our mission, Taft College is committed to closing equity gaps for the above metrics. While there are various groups that we serve, we decided that we could have maximum societal impact by limiting our focus in this Strategic Action Plan to closing equity gaps for underrepresented ethnic groups. This focus is in alignment with the CCCC Vision for Success, which solely focuses on ethnicity when discussing closing achievement gaps (see related pages of the goals of CCCC Vision for Success).

In alignment with the CCCC Vision for Success, Taft College is committed to fully closing the achievement gap within 10 years. However, the above metrics are lagging indicators, and this Strategic Action Plan has a shorter time frame. Therefore, Taft College has set a more realistic goal of closing the achievement gaps of underrepresented minorities by 10% for each of the above measures, and eventually fully closing the achievement gap within 10 years. The current achievement gap and target rates for each metric are provided below.

CCCC Vision for Success Goal Five: "Reduce equity gaps across all of the above measures through faster improvements among traditionally underrepresented student groups, with the goal of cutting achievement gaps by 40 percent within 5 years and fully closing those achievement gaps within 10 years"

FTES is determined by hours of attendance and 525 hours of attendance is considered one FTES. The 525 hour value is based on the assumptions that a full-time student attends 15 hours of classes in a week, there are 17.5 weeks in a semester, and there are 2 semesters in an academic year so $15 \times 17.5 \times 2 = 525$ hours = 1 FTES.

**SERVICE CONNECTION AGREEMENT
(Three-Way)**

THIS AGREEMENT is made and entered into on September 20, 2021 among, **TAFT UNION HIGH SCHOOL**, hereinafter called "Water User," **WEST KERN COMMUNITY COLLEGE**, hereinafter called "Service Connector," and **WEST KERN WATER DISTRICT**, hereinafter called "District."

ARTICLE 1. RECITALS

1.01. District delivers water through a(n) 12-inch water pipeline in Section 13, Township 32S, Range 23E, Kern County, California.

1.02. Water User owns, leases or operates certain property situated in Section 13, Township 32S, Range 23E, Kern County, California, and receives its water supply for general use through a(n) 6-inch water pipeline owned by Water User, which connects with District's 12-inch water pipeline.

1.03. Service Connector owns, leases, or operates certain property situated in Section 13, Township 32S, Range 23E, Kern County, California, and desires to obtain water for domestic purposes from District by connecting into Water User's 6-inch water pipeline.

ARTICLE 2. AGREEMENT

2.01. Water User agrees to permit the temporary use of its 6-inch water pipeline by Service Connector to enable Service Connector to obtain a supply of water from District to such point of connection as Water User may agree upon as the point at which Service Connector may tap the line of Water User.

2.02. In order to register the amount of water received by Service Connector, District shall install and place a water meter at the point that Service Connector shall tap Water User's 6-inch water pipeline. Service Connector shall pay District for the installation of the water meter and for all water received by it as registered by the meter. The amount registered by the meter shall be deducted by District from its bill to Water User. Water User shall have no responsibility for the payment to District for water passed through the connection to Service Connector.

2.03. The permission granted by Water User to Service Connector to use its 6-inch water pipeline may be revoked by Water User upon 30 day's written notice to Service Connector and District. Upon receipt of notice of revocation, Service Connector shall promptly discontinue the use of water through said pipeline. In case of an emergency, the notice provided for herein may be made orally, followed by written confirmation to the respective parties, and Service Connector shall immediately discontinue using water through said pipeline. Water User's powers of revocation shall not be invoked unreasonably. In the event of

termination as provided for herein, Water User shall not be responsible for damages or otherwise, and Service Connector agrees that it will not at any time assert any claim that Water User is required to permit the continued service of water or to permit the connection to remain beyond the time it gives notice of termination. If the revocation requires District to remove the water meter from Water User's 6-inch water pipeline, Service Connector agrees to pay all costs associated with said removal.

2.04. It is understood and agreed that District shall not be liable for any damages or otherwise, on account of discontinuance or discontinuances in the supply of water however caused.

2.05. In consideration of this Agreement as an accommodation to Service Connector, the sufficiency of which is acknowledged, Service Connector hereby releases, waives, discharges and agrees to indemnify and hold harmless Water User and District, their respective contractors, affiliated companies, co-owners, agents, officers, employees, successors, or assigns, acting officially or otherwise (collectively "Upstream Groups") from and against any and all loss, damage, claim, suit, demand, action, or causes of action on account of injury of whatsoever nature to persons and property arising out of or related to this Agreement, whether caused by the negligence of the Upstream Groups or otherwise. Service Connector shall not be obligated, however, to indemnify the Upstream Groups where any loss, damage, claim, suit, demand, action, or causes of action is a result of the sole negligence or willful misconduct of the Upstream Groups.

2.06. Notwithstanding anything herein to the contrary, it is expressly understood and agreed among the parties that the point of delivery of water by District is at District's existing line, and that the District has no control over the Water User's 6-inch water pipeline, and that the meter or meters are, or may be, set at other points for the convenience of Water User and Service Connector. Upon the termination of this agreement District shall be under no obligation to continue the service of water to Service Connector, excepting at District's own then existing pipeline.

2.07. This arrangement is personal to the Service Connector and none of its rights or privileges hereunder may be assigned or in any way transferred except upon written consent of both Water User and District.

IBM Cognos Application Upgrade – 2021 Statement of Work #1

This Statement of Work ("SOW"), effective as of September 1, 2021 ("Effective Date"), is by and between GL Consulting Services, LLC located at 307 Waterside Estates Circle, Richmond, Texas 77406 ("GLCS") and Taft College ("Client" or "Taft").

Note: This agreement is not intended to replace a vendor's support and maintenance.

Taft College currently has two IBM Cognos environments version 10.x: Test and Production. GL Consulting Services recommends installing and configuring the Test environment as Stage I. The Stage I activities include, but are not limited to, the replacement of Cognos 10.2.1 with the current version of Cognos Analytics, preliminary testing of the Banner (Ellucian) reporting functionality, and spot checking of existing Banner reports. Stage II will include the application of upgrades to the Client Production environment.

We encourage an impact analysis on several areas including Banner versions, report archive solution, and level of effort needed (if any) to convert existing reports. As the user interface has undergone many changes, we recommend remote training sessions for Client key personnel. GLCS will provide SOWs for training sessions upon requested by Client.
