During the spring 2023 I had multiple family friend members that had passed away, it was a tough situation for my family, on top of that I had work because I had to pay for school along with rent and if my parents needed any help with there rent because they live in Utah I would send money and help. I had two jobs, one working for the West Side recreation center also worked in the student center for Myisha. I was also a baseball athlete and had games every other day with a full schedule of classes, school was really frustrating for me to the point where I would have many nights not sleeping. I received an incomplete grade for History because I needed more time but I ended up never having time, summer was countless hours of working helping my family with money. I ended up moving to California to take care of my grandmother and decided to transfer to school there as well, I had a full schedule of classes, baseball going on everyday, having a job as a coach, and needing to take care of my grandma such as getting groceries, making her eat because she wouldn't some days. Life has been very rough and all I ask is for a new start in taking this class.

Dear Financial Aid Committee:

My name is [REDACTED] and I have been a student at Taft College since summer 2022. Throughout my time here I have faced a number of challenges. My first semester I was enrolled in too many units and working full-time. I didn't realize how difficult it would be, especially taking online courses. I also decided to change my major after this semester since business was not interesting for me. During spring and summer 2023, I was still working full-time, and I found out I was pregnant. This was a shock for me and caused a lot of issues between me and my boyfriend. During this time, I was neglected by him as he was under the assumption that it was not his baby. This was very hard for me to deal with. It caused so much stress and depression it made me have a mental breakdown. In addition, I had to continue working to help my single mom support the family. I then decided to continue school in fall because I don't want to give up on school. I believe that getting an education will help me succeed in life, but I had my son in the middle of the semester. He only weighed 6 lb. 10 oz and had severe jaundice. This was due to incompatible blood type. He had to stay at the hospital for a few days not only for his weight and jaundice, but also

to run some blood tests. After having my baby, I had a lot of responsibilities and didn't realize how difficult it was going to be. I made the mistake of not reaching out to my counselor for options before the semester was over. I was going through different emotions and didn't even think about reaching out to anyone. Being a first-generation college student has been a challenge as I am still navigating the college system and understanding the processes. Now as a first-time mom, I am more motivated to continue going to school because I want to be able to provide for my son. Moving forward, I plan to only take two on campus courses per semester. I plan to take school more seriously and reach out to my counselor if I ever find myself struggling again. I ask that you please approve my petition as I know that I can do better next semester. I am currently not working since I have to take care of my child and my mother is willing to help during my class time. In the past I worked in the fields, but my goal in life is to work as a preschool teacher.

Please contact me if you have further questions.

Thank you for your time,

This was something I meant to do after my first meeting with my counter, this was a personal statement for financial aid as well. My counselor said it would be a good idea to see if I could be withdrawn from those classes because of what was happening.

The start of my freshman year at Taft College started off great, I put my all into passing my classes and ending my first year well but things for me went downhill during the last semester and summer. My relationship at home with my mother wasn't great. It really took a toll on my mental health. I understood that she was having problems with my brother's father along with money problems, but in the end, her frustration ended up being taken on me. She would shut off the wifi and even take the box with her even when she knew I had online classwork to do. Of course, I know I could have gone to the college library but that wasn't an option for me, she forbade me from leaving the house and if I did, things wouldn't end up good for me. She would go as far as to cut off my phone too. She's a very traditional Hispanic mom so I grew up in a strict household and going against her words was never a good thing. During those months it was only constant yelling and arguing, doors being slammed, and crying endlessly every

day only to have to repeat it all again the next day, there was no chance in between those times to focus on my school work when my mental health wasn't at it's best. It was truly one of the darkest times of my life. One that is not my proudest moment, where my thoughts were all over the place and made me feel like I was drowning and had no way out. To me everything seemed to be crashing down on me at once, adding to all that I'm also a first-generation college student in my household, and the pressure of it makes me nauseous when my mother would bring it up in arguments. There was even a time when I managed to go to my friend's house to get away for the night but they witnessed how horrible things were at home when I received messages with things I never want to listen to again, words that they saw made me break down into a crying mess. Things didn't return to normal till the end of summer and even then the damage had been done. In the end, I understand she has trauma from her own experience with her family, I don't like being the one who gets the yelling and words that cause me great pain but I'll take it all as long as it keeps my siblings from being the ones. Everything has smoothed out as of right now, I'm in a better mental state.

I have been experiencing health issues since October 2023. I was in and out of the hospital. I was diagnosed with valley fever, pneumonia, and a bacterial infection in the blood. I am currently on medication. It was hard for me to do finish school work because I felt extremely fatigued, dizzy and tired.

I was unable to attend this in person class. Due to having no car because my mom drove it during the weekdays so she could go to work. I tried my best to get to class. I also had so much going on with my parents separating during this time.

Awkward Conversation

Is there anything I should know about you that would prevent successful completion of this class?

Hello there ma'am. One thing that would prevent me from passing this class is me not showing up. I find this really relevant in my current life situation because of family issues. With my parents separating, and having to deal with it has just been extremely hard me. I know deep down there is nothing I can do to prevent them from separating. In which shouldn't make me not go to school. With my dad moving out it has been nothing but hard on me, trying to remain focus on college, while constantly stressing and worrying about that issue. Thank you for always doing your best, I enjoy going to your class. Have a beautiful day.

ARE YOU FILLING THIS OUT WITH THE ASSISTANCE OF A COUNSELOR/ADVISOR?

Yes

WHICH COUNSELOR/ADVISOR?

Juana Rangel-Escobedo

ARE THE COURSES YOU ARE REQUESTING TO WITHDRAW FROM STILL ON-GOING? (THE LAST DAY OF INSTRUCTION HAS NOT PASSED)

No

HAVE YOU EXPERIENCED EXTENUATING CIRCUMSTANCES THAT IMPACTED YOUR ABILITY TO COMPLETE THE COURSE(S)?

Yes

IN ORDER TO BE REVIEWED, YOU MUST EXPLAIN THE EXTENUATING CIRCUMSTANCES YOU HAVE EXPERIENCED OR CURRENTLY ARE EXPERIENCING THAT IMPACTED YOUR ABILITY TO REMAIN IN THE COURSE(S). ALL INFORMATION YOU PROVIDE WILL BE KEPT CONFIDENTIAL. PLEASE INCLUDE AS MUCH DETAILED INFORMATION AS POSSIBLE THAT YOU ARE COMFORTABLE WITH PROVIDING.

To whome it may concern, In the Summer semester of 2022 I received a second degree burn to my right leg that resulted in a series of circumstances. During my time of the injury I was met with further physical injury due to my doctor making a medical mistake during a gauze change. This resulted in a prolonged healing process for me. I was in a wheel chair for a few months visiting urgent care for medical assistances for the meantime while I was waiting for an available appointment with the GrossMan Medical Group. The GrossMan medical group was able to effectively care for my burn injuries.

YOU MAY UPLOAD DOCUMENTATION THAT SUPPORTS THE EXTENUATING CIRCUMSTANCES IN YOUR STATEMENT ABOVE.
