- [CA EDD: Displaced Oil and Gas Worker Fund \(DOGWF\) Grant](#)
 - C. Duron introduced this grant opportunity by noting that the Academic Senate Council did not review this grant opportunity because the grant is due next week.
 - D. Daugherty noted that he learned of the grant opportunity two weeks ago. The grant opportunity is for county economic development. Taft College would be a partner. There's no curriculum required; the funding seems to be for a career center and wrap-around services.
 - J. Lopez added that this grant would help connect industry, educational institutions, and industry.
 - V. Jacobi motioned and B. Devine seconded. Academic Senate approved of going forward with this grant opportunity.
- Implementation of new Administrative Procedure (AP) 2325: Teleconference Meetings
 - C. Duron introduced this new AP as written by the Community College League of California to define the parameters of teleconferencing with updates in the Brown Act. There will be a training for TC employees on January 19, 2024.
 - The AP, as written, is unclear whether it only applies to the Board of Trustees or to all Brown Act committees (such as Academic Senate). The Academic Senate Council suggested that phrasing is added to indicate that the AP, if approved by the Board of Trustees, does apply to all committees that are under the Brown Act.
 - To answer a question, C. Duron clarified that this AP states that quorum is only comprised of members attending in-person. S. Eveland noted that the AP says

- that quorum would be out of all members (e.g., all faculty), while the Academic Senate Constitution defines quorum as one-third of our members.
- M. Oja suggested that this AP should not be passed until we have more clarification. C. Duron said that there may be liability issues if the AP is not passed before the training on 1/19/24.
 - V. Jacobi noted that the TC president has the right to approve AP's. S. Eveland added that the AP is coming through Academic Senate as collegial consultation.
 - S. Eveland motioned to approve with the addition of phrasing that this AP applies to the Board of Trustees and any committee under the Brown Act. B. Devine seconded the motion. The motion passed with two oppositions (J. Altenhofel and M. Oja).
 - ASR-05-01 Resolution in Support of Single User Toilet Facilities
 - V. Jacobi introduced this resolution by noting that there is an Assembly Bill for single-use bathrooms. C. Duron added that the "whereas" statements in the resolution offer reasons why we would like to encourage single-use restrooms. V. Jacobi added that the resolution is to add weight to the request as it would need to be read at a Board of Trustees meeting. She also said that it could be part of the new CTE building.
 - If passed, C. Duron would present the resolution to the Board of Trustees and talk with the offices who may be involved.
 - A. Abbott motioned and B. Roth seconded. The resolution passed.
