 - Support an Active Partnership with Associated Student Organization (ASO): C. Duron met with M. Cutrona. It was suggested that all committee chairs include the ASO email in their Outlook calendar invitations for committee meetings. The ASO will try to get students to attend all Academic Senate (AS) subcommittees. At AS Council, it was suggested that we could provide letters of recommendations or certificates at the end each semester to students.
 - Work in consultation with the Faculty Association: C. Duron reminded us that this project was to collaboration to include diversity, equity, and inclusion (DEI) in faculty evaluations. This is on pause while the state is working through lawsuits.
 - Work in collaboration with the Diversity, Equity, and Inclusion Committee:
C. Duron reminded us that this goal set up a taskforce with seven goals. After discussing with the DEIAA committee co-chairs, it was determined that the DEIAA committee was covering those goals.

 - M. Beasley was the representative on the AS Council last year, but has stepped down to work on committees and caucuses at the state level. C. Duron thanks M. Beasley for her state-wide work.
 - C. Duron shared that A. Abbott is interested in serving as the CTE Liaison representative on the AS Council and is CTE faculty. There were not objections, so A. Abbott was voted in as the CTE Liaison representative on the AS Council.
